SPECTRUM 1997

Headmaster's message

Yearbook, 1997

This year's senior class will graduate in a very special watershed year. One hundred and twenty-five years ago, a group of local citizens petitioned the provincial government for a charter to establish a school in Stanstead. Stanstead won this honour because local people raised more money to fund the proposed school than a competing town in the Eastern Townships. As a result, in December of 1872, the legislature passed a special act incorporating Stanstead Wesleyan College as an independent school, making this our 125th anniversary year. There are very few institutions of any kind in this country that can point to an unbroken history of 125 years of operation and service, so this is a year to celebrate.

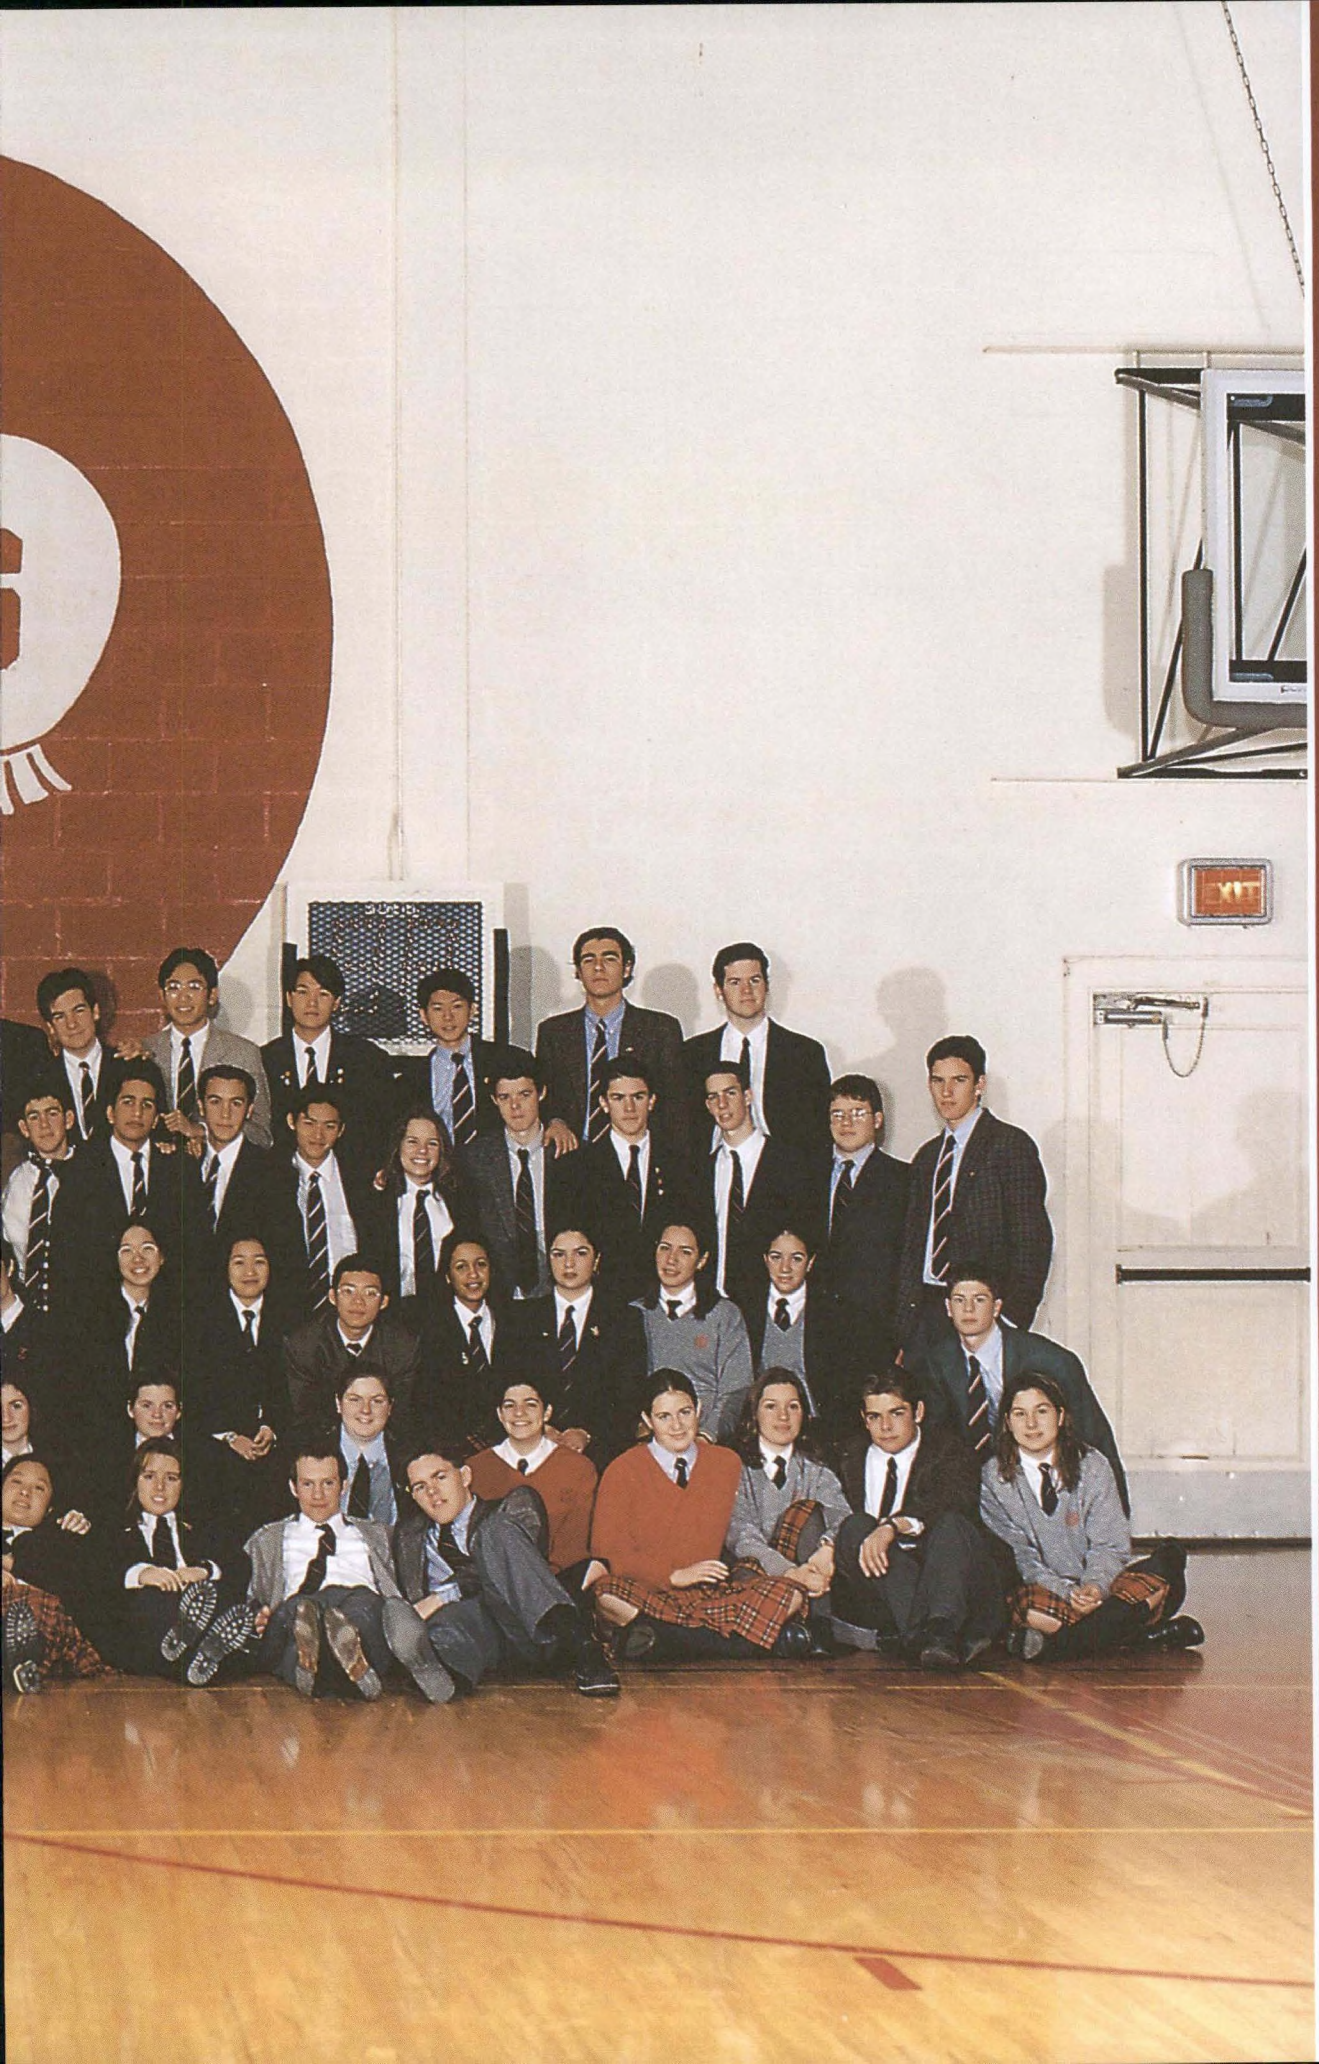

To help us celebrate, His Excellency, The Governor General will be our special guest at your baccalaureate and prize-giving this June. He will be the third Governor General to visit the school and we are honoured that he has accepted our invitation to speak to the school community this spring, and to the largest student body in our history.

Another milestone has been reached this year. You were involved in our request for accreditation by the New England Association of Schools and Colleges and you figured prominently in their report. The visiting committee's report was very favourable and in February, 1997 our request for accreditation was approved by the Committee on Accreditation, making us the first Canadian school to receive such recognition by the oldest accreditating body in the United States.

Your personal accomplishments have been outstanding this year and have contributed to a very special year. A school is only as good as its students, and in you the whole school community has much to be proud as we complete our 125th. school year.

Spring break in Thailand

March '97
School Trip to Thailand

Twenty four brave young students (brave enough to take the Hep-A virus) and two grizzled veteran tour leaders embarked on another adventurous March break trip - this itme to a faraway land - Thailand.

We started with a long haul Montreal-Toronto-Anchorage-Hong Kong-Bankok on Cathay Pacific Airlines. We had a short stopover in Hong Kong, where we visited Victoria Peak, Repulse Bay and a fishing village. The reward for the long first leg was to arrive at the Dusit Thani Bangkok, a five star hotel in the middle of the city. In and around Bangkok, we visited many temples and buddhas, as well as the floating market, and the Royal Palace. Many group members tried to ride (or race) in the tuk-tuk taxis; bargained for Tag, Nike, Polo, and Boss the Pat Pong market; or ate at the Hard Rock Cafe.

Moving towards the north, we visited many sights, including Ketchanaburi on the famous River Kwai, spending some time at the site of the Allied POW camp. We continued on to Chiang Mai, the main city of the north. There, we ventured on an elephant riding experience which will not soon be forgotten. We also visited an orchid farm and stopped in briefly to see some of the Meo hill tribe people.

From Chiang Mai, we boarded a Thai Airways plane and returned to Bangkok and travelled by bus to Cha Am. There, we stayed at the Golden Sands Hotel, a beach front resort which was to be our home for the last four days. Beautiful beaches, lots of sun, waverunners and horses for rent, and a large pool with a poolside swim-up restaurant/bar . . . . . paradise!

We returned by the same route through Hong Kong and Toronto, and experienced our only transportation problem (of course with the last and shortest flight from Toronto to Montreal). All in all, a fantastic trip, with many great sights to see, an enjoyable group of students, and lots of fun had by all. Thanks to all the students who went and to our guides, drivers, and hosts - Nuk, Christian, Lala, and the rest.

Highlights . . . Vince's progressive music . . . . Jeff's excited elephant, singing, and numerous Thai massages . . . Theo's wife . . . . Gen's appeal to all of the Thai men . . . Nat B's horseriding experience . . . Kath and Nat B in Chiang Mai . . . . Fast Eddy the bargainer . . . . Big Ed's . . . . Boskind's film supply . . . . Breton's cash management . . . Sarah's parasailing and Dusit lobby . . . Gloria, Gaby, Fernanda, Andrea, and Maria's group photos every two minutes . . . . Paola the karaoke singer . . . Fernando, Leo, Guillermo, and Diego - lasers and Tags . . . . Nat R's sunburn . . . Denney's dozens of Singhas . . . Simard's mirror, room service, and white russian.

Stone

-- Debbie Parent

A stone is a tomb
with the door barred.

A still picture
from a flick of motion.

A stone is a closed eye
reflecting what it saw.

Its smoothness
is an icy history.

A priest in a pulpit
and a solid sermon.

A prison is stone
the size of a single inmate.

In a laboratory
a stone writes
its own epitaph.

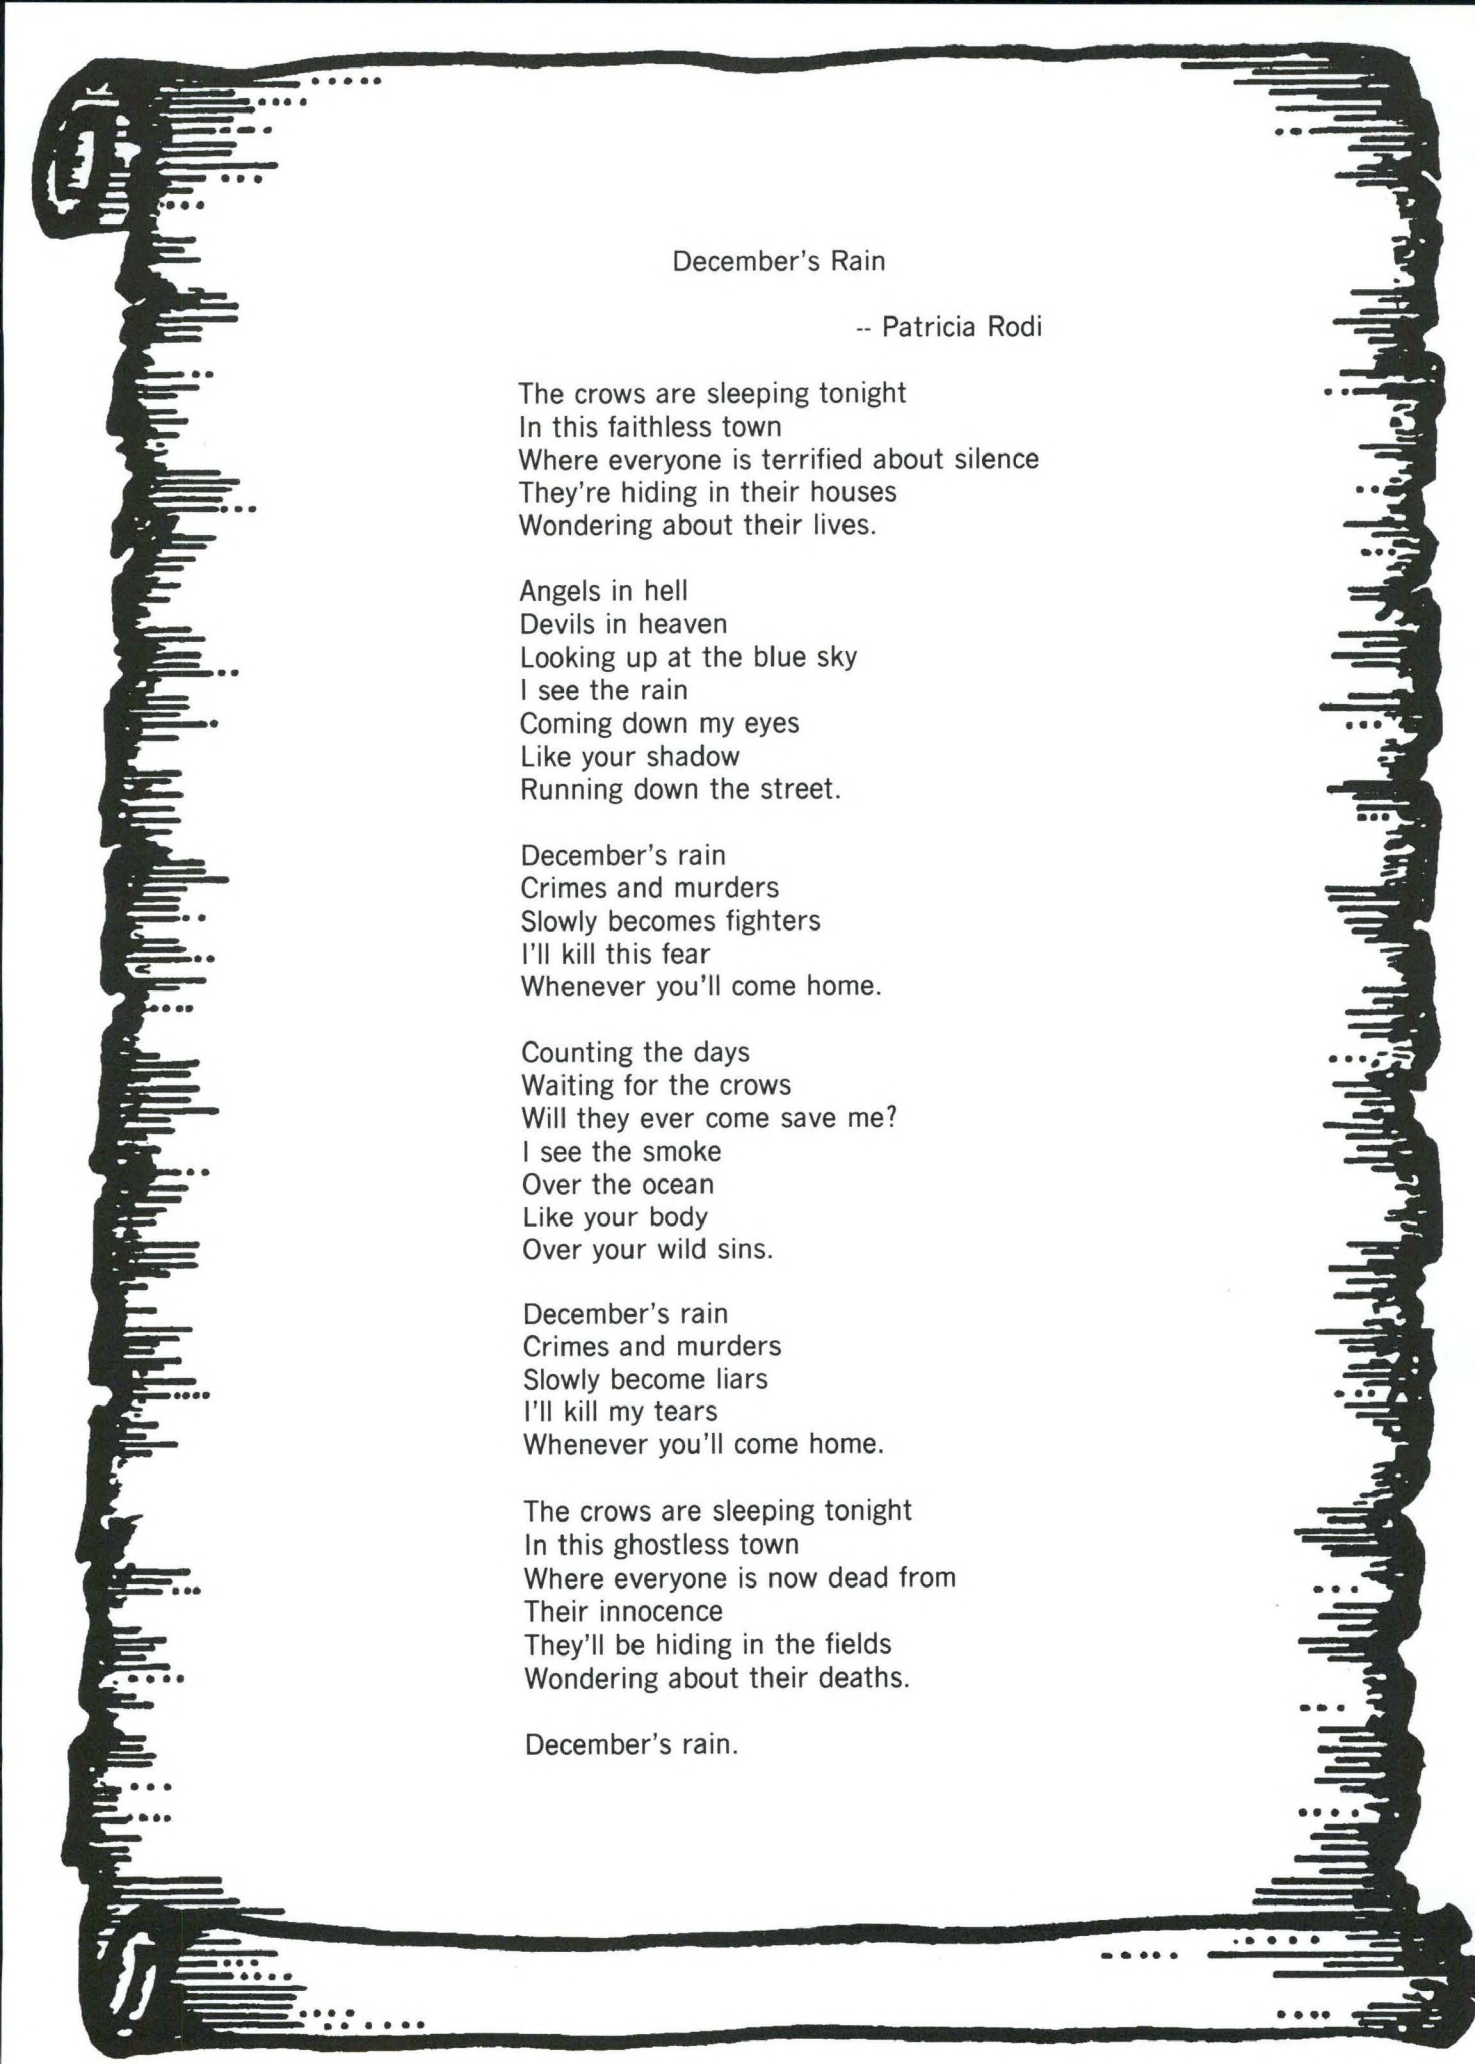

When an atom of stone bursts
Hiroshima falls.

Untitled

-- Keely Mundle

I fall helplessly
Unable to control myself
I try to grasp a hold to the edge
My fingers slip. I tumble
Into the darkness
That encircles me
Making me feel
Unable to breath.
Palms sweat
Hearts beat
Spine tingles
I just stand
In the dark light.
You look away
It goes away
The feelings, the thoughts
They all disappear
When your eyes shift.

December's Rain

-- Patricia Rodi

The crows are sleeping tonight
In this faithless town
Where everyone is terrified about silence
They're hiding in their houses
Wondering about their lives.

Angels in hell
Devils in heaven
Looking up at the blue sky
I see the rain
Coming down my eyes
Like your shadow
Running down the street.

December's rain
Crimes and murders
Slowly becomes fighters
I'll kill this fear
Whenever you'll come home.

Counting the days
Waiting for the crows
Will they ever come save me?
I see the smoke
Over the ocean
Like your body
Over your wild sins.

December's rain
Crimes and murders
Slowly become liars
I'll kill my tears
Whenever you'll come home.

The crows are sleeping tonight
In this ghostless town
Where everyone is now dead from
Their innocence
They'll be hiding in the fields
Wondering about their deaths.

December's rain.

Dreams

-- Cameron Bonspiel

You're falling, falling, falling,
You see your shadow in the pavement,
Why, why me you say as you cover
Your face with your arms,
You start twitching as you awake
From your sleep,
Your heart pounding, breathing heavily
Sweat dropping from your forehead
A sweaty, clammy touch fills your bed
You think to yourself, I'm okay.
You drop your head back and close your eyes
And get ready for more.

A Recurring Thought

-- Nahil Dajani

There is this thought that comes through
Again and again in my mind
If I were here and you were there
Would you know what I had in mind
Now you may think I'm crazy
But it really is not that hard
Just think of me, and I will feel
Whatever you feel inside
When I think of you, just think of me
And you'll know what I feel inside.

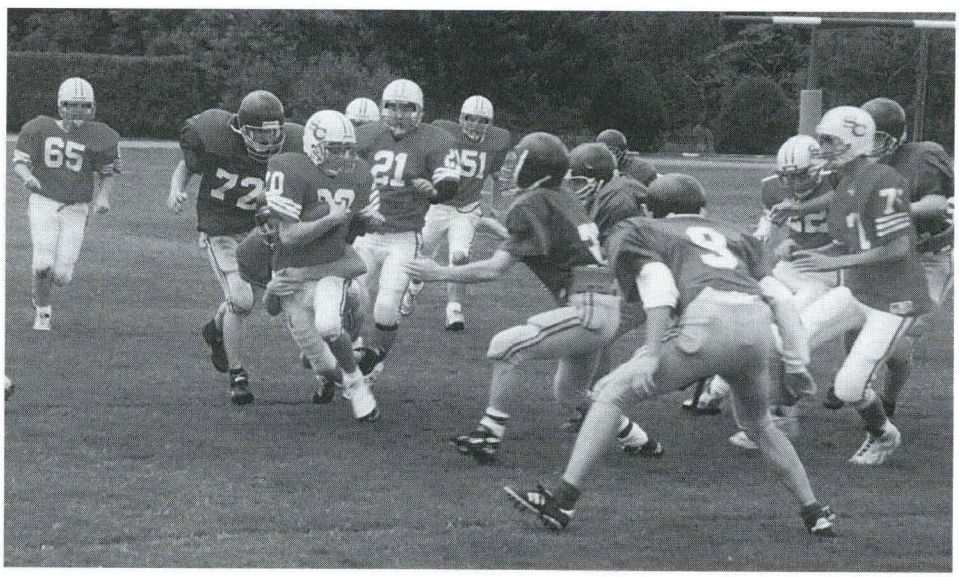

Friendship

-- Keely Mundle

Friendship is fun tack.
It stretches and comes back.
But when it's put to the test
The fibers stretch
Far apart.
Holes appear.
At first small ones
Until only a hole
Is left.

This year's senior boys' soccer team put out a tremendous effort all season long. They improved with every game they played and just fell short of the playoffs. The only weakness this team possessed was their inability to score. If they could have scored a few more goals the championship would not have been out of reach.

The boys played their best soccer at the C.A.I.S. tournament in Hamilton where they held their own against some of the best teams in the country.

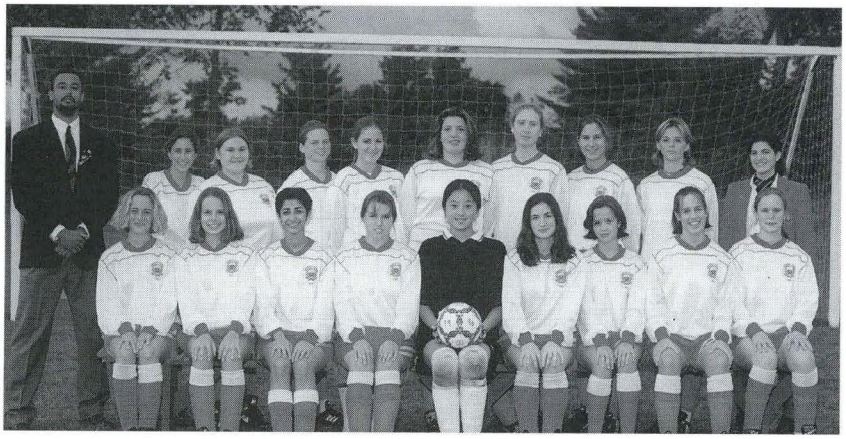

Coach McNamara joined the team as co-coach this year. With two coaches on the field practices were very productive. His efforts were greatly appreciated.

In closing I would like to thank Manabu and Fred for their tremendous leadership. Good luck in the future.

Senior Girls' Soccer

Coach:
Mr. E. Van Dyke

Captain:
M. FULLERTON
D. KUMAR

The 1996 version of the Senior Girls' Soccer Team was the most talented to come along in recent memory. With the exception of Galt, who were untouchable, we could play with anybody.

In ETIAC League competition we underachieved, due to several periods of uninspired play and some very bad luck. The team finished 4th out of 5 teams, and lost to Galt, the eventual champions, in the playoffs.

But as in past years we saved our best for tournament play. At the CAIS Invitational Tournament in Halifax, Stanstead finished an impressive 3rd out of 12 teams, losing only once in 5 games. And in the highlight of the season, at our own invitational tournament, we beat Centennial 4-0, ECS 2-0 and BCS 1-0 en route to winning the championship and keeping the banner at home for the first time in 13 years.

But while success is good, what will stick out in my mind in the years to come was the team spirit exhibited by the girls. In an effort to raise money for the Halifax trip, the girls worked above and beyond the call of duty. Together they ran bake sales, car washes and dunk tanks, putting in countless hours of their own free time, and having fun while doing it. Through these endeavours I watched them grow together as a team. I've never coached a group of athletes as committed as they were, and I commend them.

Congratulations to Robin, Deepti, Caitlin, and Katherine for their Senior 'S' Awards. Special congratulations to Meaghan for her Major 'S', and to Trophy winner Gen, thank you for a great couple of years of soccer. And to the entire team, thanks for a superb season. We scrimmaged and showered, we shopped and we baked, we got bruised, we won a lot of games, we won them with class, and we had a good time.

E.T.I.A.C. CHAMPIONS

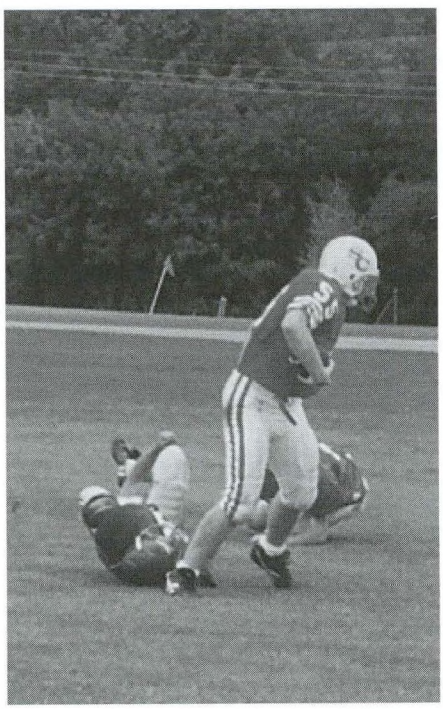

The 1996 football Spartans enjoyed a most remarkable successful season with an overall 6 and 1 record. Season highlights included a first place finish (5 and 1) for the ETIAC regular season, and capturing the Senator C. B. Howard trophy by winning two of three games against rival B.C.S. The season, culminated with a hard fought 16 to 8 victory over Alexander Galt to win the League Championship Playoff game.

The team was blessed with an excellent balance of experienced veterans and some fine first year players. Our most explosive offense in years was lead by Sébastien Varin with 11 touchdowns and quaterback Brad Goodsell whose ball handling, passing, and runnung gave the team a huge edge. Our hard hitting defense averaged less than 10 points against and generally and made life very difficult for opposing offenses.

All championship teams feature one common characteristic - outstanding leadership. The 1996 Spartans were no exeption, in having team captain Tyson MacDonald and assistant captain Martin Trudeau set high standards of play and sportsmanship for their peers to follow.

Commitment, sacrifice, discipline and above all character are the attributes that contributed to the success of the 1996 Spartans. Congratulations to all 30 of you on an outstanding season. .

We increased the size of our Cross-Country team this year, we had a much more successful season. We participated in 5 meets - 2 at home, 1 at BCS and 2 at Galt. Although most of the people started the season gasping after the first kilometer, we quickly got in shape and ran competitve races. In fact, at the first ETIAC championships, hosted by by Stanstead, we commanded Bronze, Silver, and Gold medal successes.

Special thanks to the Intramural Program, for lending us spotters and timers, to team manager, Stephan Gingras, and to every member of the Cross country Team. It was great to see you set your goals and work towards them. The '96 season will always be memorable, from marking the 6 km trail with a 50 m measuring tape, to Stephan Chong getting lost in the trails, to Winston Cuenant's Acceptance of the finish line.

Congratulations to Charles Rocke for winning the MVP trophy.

The 1996 Junior Boys' Soccer Team improved as the season progressed and managed to qualify for the playoffs with a 5-1 win over BCS on the last game of the season. Although the team recorded in league play was 2-6-1, many games were very close against larger and more experienced teams. Overall, the team was competitive and provided some fine soccer to watch from the sidelines. Junior "S" winners included Sebastien Reissner-Ros, Fernando Todd-Dip, Steve Lee and goaltender Ryan Goeller. Thanks to all members of the team and manager Brian Ogilvie for their efforts.

The Junior Girls' soccer team had a difficult season this year. The competition was tough and we struggled to keep up with the rest of the league. The first half of the season was frustrating for the girls. They needed to work on their communication skills and were not very aggressive.

Our record improved in the second half of the season when the girls succeeded in winning against Massey-Vanier's second team. They team did show very real improvement, with each player taking more initiative and demonstating an increased level of skill.

Congratulations to our Junior "S" winners:

Their was an interesting season for the Bantam Boys who needed all their enthusiasm and energy to sustain them through league matches that were rather short on offensive goals and victories. Each team member gave one hundred percent commitment and with a small squad of fourteen, everyone got a lot of playing time. There was great competition for certain positions, especially in the forward line. The defence displayed deep determination in the face of tough opposition and the goaltending, from John Laberee, was often spectacular.

Individual team members were always full of useful coaching hints, including "ideas for goals" and suggestions for changes in the lineup. However, positional play was often forgotten in the heat of the game when the ball appeared to exert an irresistible magnetism towards certain players. Individual skills were displayed but team effort needed more time to gel.

Thanks to the entire team for its commitment and effort.

For the first time in many years, there were enough girls under the age of thirteen to make up the Bantam Girls' Soccer Team - and what a team we made! Each of the eighteen girls showed tremendous improvement from day one - when many of the girls didn't even want to play soccer, to the playoffs - when they didn't want to stop playing! During the regular season, the girls had a record of 5 wins and 5 losses. In the playoffs, we triumphed with a narrow loss to Galt of 2-1 (a team we had lost to in the beginning of the season 9-1)! Putting aside our record, the team was exceptional in ways of greater importance than any score. They were mature, worked as a team, were gracious winners and always acted with the utmost sportsmanship - the most important qualities of any great athlete! It was a sincere pleasure to work with this group of outstanding girls.

The 1996-97 hockey season proved to be the most successful season in recent memory. After suffering through a very disappointing and frustrating 1995-96 schedule, Stanstead decided to bring in some much needed help. The avowed goal was simply to compete in the ETIAC playoffs, but an early exhibition victory over perennial champions Galt made every player realize that much more could be achieved. Motivated by the arrival of 11 talented hockey players, the coaching staff set out to measure the team against the best competition available. After defeating arch-rival BCS and winning their first ever ETIAC championship, the Spartans continued on a roll at the QASA provincial finals. We won the bronze medal with a hard-fought victory over Macdonald-Cartier.

This team's commitment, hard work and willingness to sacrifice made this season very special. These young men have achieved a great deal and should be very proud. I would also like to laud the efforts of co-coaches Roger Marino and Dave Dubois.

The baby Spartans, although not ETIAC Champions like their older counterparts, did enjoy a well-rounded season of hockey. The team was once again made up of seasoned veterans as well as young rookies who showed great improvement as the season progressed.

To make a long season short, the team was able to win five of its last six games which was a nice way to end the season.

Outstanding goal-tending by Yanne Root was certainly a key to the team's success. Other members who warranted recognition were Captain Mathieu Breton and Charles Rocke, both fine leaders on and off the ice. All members of the team deserve much credit and thanks for being there each day and willing to contribute to the program.

This year's team, unfortunately, was not blessed with a great deal of talent. It had also been a year when the other teams around the league were stronger than normal. BCS had their best team ever, winning every tournament they entered - including the ETIAC, the Anderson and the Provincials. Massey Vanier was big as well as talented. Galt, though not as strong as some recent years, was also very good. I do give the boys a great deal of credit for going out there and never giving up.

Manabu and Nishant led our play. Both Tom and Nick showed improvement over the season and their work ethic was excellent. Roger and Nick each won a tournament all-star award. Winson, Wassim and Cosmo provided our comic relief. G-money was his usual self...stats were always ready on time!? Thank you all for your effort this past season...hopefully some recruits will help strengthen our team next year...and thanks to Manabu Fujimoto, team captain, for his leadership throughout the season.

The 1996-97 edition of the Senior Girls' Basketball Team was, to say the least, interesting. Talent-wise, we were the most gifted group Stanstead has had for several years, with a dynamic mix of veterans and rookies. We pulled out several gutsy, come-from-behind victories, we beat MVR for the first time in a LONG time, and we challenged once-untouchable Galt in the ETIAC playoffs. In tournament play we finished an impressive 3rd out of 16 teams in Montreal, and in the most exciting game of the season we beat Centennial by one point to win the Silver Medal at the BCS tourney. The highlight of the season, though, was the Anderson-Bailly Tournament in Gaspe. I hope the girls will remember the camaraderie that was shared with our supposed enemies, BCS and Richmond. Contrary to what sometimes happens, sports CAN bring out the good things in people.

Congratulations go to Julie and Robin for their Senior "S" Awards, and to Deepti and Meaghan for their Majors. Special congratulations and thanks to Gen. We'll miss you.

The basketball season for the junior boys was one which was filled with a great deal of success. We won the ETIAC regular season championship with a 7 wins and 2 losses record for the first time in several years and also finished second in the BCS tournament against some very stiff competition.

The basis for our success was the strong guard play of Seb Reissner, Marc Hotu and Aaron Lussier and the intense rebounding by David Otero and Robert Maybe, with a strong supporting cast coming off the bench.

When I look back on the season, I do not think about the wins and losses, however. when I think of this team I think of how hard they worked, how well they played together and how much they progressed as players as the season wore on. Simply put, I could not be prouder of a group of individuals than I am of this team.

This year's team was an exciting group of girls to work with. They were keen to play basketball, to learn how to improve their skills and no matter what the outcome of a game they were always positive and optimistic.

This year there were new faces that enhanced the team. Our "win" record didn't come close tou our "loss" record but what was amazing was the positive attitudes displayed by the girls. They truly acted like winners no matter what the final outcome of the game was. Meagan and Olivia were the biggest contributions to this image - thank you for being good role models for the rest of us when things got discouraging.

Congratulations go to Lesley, Lucille, Heather, and Teya for winning their Junior "S". I would also like to thank the whole team for an enjoyable season. It's been a pleasure coaching such a great group of girls.

This year was one of introductions to many of us. We started the year with a few experienced players, but the majority consisted of rank amateurs. That's the way it's supposed to be! Bantams came out to learn the sport.

The pivot point for us this season was the tournament on Montreal. Here, we played three games a day, learned from our mistakes, witnessed winning strategies, and saw the caliber of other teams. Hey, they're not like us! No doubt, this tournament was a huge learning curve for the bantam team. After that our team was far more focused, and we realized the importance of every moment of the game . At a later tournament in Galt we were the victors in a couple of close games - one in particular which we won by ONE point in the dying seconds of the game. As a coach I could not have asked for a better team. There were teams while more wins, but not even the Massey Vanier team that beat us by 50 points could compare to your good sportsmanship, concern for your teammates, and desire to have fun at your sport. I wouldn't have traded this team for any other.

This year's edition of the Stanstead College swim team was a much larger one than in recent years. Numbering thirty-five swimmers in six categories made the team much more competitive in our two leagues.

In the scolaire league, from the townships, we were a strong member of the twelve teams competing. The team broke sixteen of it's records in the first meet alone. Our second league, the GMAA in Montreal proved to be a much stronger league numbering twenty-four teams with several nationally ranked swimmers competing. However, Stanstead represented themselves well with sixteen members qualifying for the Championship meet. A number of our swimmers finished in the top ten with a few finishing in the medals and ribbons.

We would like to take this time to congratulate Gloria Cervantes who earned a bronze in the fifty metre breaststoke. She was also awarded a Major "S" and the MVP trophy for the 96-97 season. Thanks to the entire team for a very enjoyable season and we hope to see you next year.

It all started this year with an enthusiastic team ready to play and master the game of Squash. I was very happy to see the team grow and define itself as a dignified group of young atheletes. Both the boys and the girls were punctual and played with heart throughout the season. I was particularly impressed this year with the amount of time the players put in for extra practice. In all respects it was a great season and the Stanstead squash players made the most of every opportunity to face the challenges that they encountered.

I would like to congratulate Jae Wie, Jeff Supino and Shawn Shon for their Senior "S" awards. I am very proud of the dedication to the sport that these players had. They always played their best and never made it easy for any opponent.

The Senior Boys rugby once again went undefeated with no points scored against and scored 123 points for. Our season really began in Spain where we went on the first ever Stanstead rugby tour. We had a great time and it helped us tremendously gel as a team. We were quite successful there as we won six games out of eleven.

Next was the N.I.S. tournament where we had close games but did not win any.

With all the organization it was very hard for us as a school to focus on each of our games, but everyone played and truly enjoyed the experience. We also played a few exhibition games winning them all, and saw that Stanstead was not so bad after visiting other private schools. Our record including Spain, the tournament, exhibition games and the regular season was 13 wins and 9 losses. The enthusiasm that everyone displayed this year for this great game was truly remarkable. Thank you all for making this sport so popular. It was worth all the effort! I would like to congratulate the following players who won a Senior 'S': Brad Goodsell, Martin Trudeau, Maxime Robillard, Paul Li and Frédéric Rancourt. Major 'S': Manabu Fujimoto, Jason Latta, Joey Parker and Tyson McDonald. The Art Ross Trophy recipient was Tyson McDonald. THANKS GUYS FOR A GREAT YEAR. I WILL NEVER FORGET ANY OF YOU.

Starting the season with only 6 returning players out of the 20, there was no doubt that a lot of work was needed to get the team ready for the first game in two weeks' time. Fortunately we were lucky to have Mr. Lightstone helping us. His experience as a player and coach was truly a benefit to us.

The team was made up of girls from grades 7-12, coming with a wide variety of athletic skills. Mr. Lightstone quickly got the girls "game-fit" and the team started the season off with the 2nd National Independent School Tournament hosted here.

The team quickly learned the difference between a practice and a real game. Playing hard soon became the team's goal. The girls were never short on spirit and dedication for the sport. Our captain, Nathalie Rheault and co-captians, Katherine Verreault and Meaghan Fullerton were greatly appreciated for their leadership throughout the season. They were very helpful at all times.

Track and Field seemed to be a popular option this spring with a turnout of 52 students. Unfortunately most of these were interested in the recreational track program and of the 52 only 17 actually competed interscholastically. There has been a definite lull world wide in the popularity of track and field over the past few years and we are certainly experiencing our share. Nevertheless Coaches Channell, Philip and myself had a lot of fun and enjoyed working with those that were keen and dedicated and hope they will come out again next season.

A special mention and a very special thank you has to made to Gen Yong who has been the girls captain for the past 3 seasons and has simply dominated the sport in her years at Stanstead. She won her Major "S" again this year and the Alice Amaron Trophy for the top girl track and field athlete for an unprecedented 4th consecutive year. We will certainly miss Gen in the program next year.

On behalf of all of the coaches my thanks to you all and best wishes to the graduates.

Junior Boys' Rugby 1997

The 1997 edition of the Junior Rugby programme showed strength, skill and determination! The team competed in the GMAA in Montreal, started off with a few unlucky losses, only to miss the playoffs by a narrow margin after being almost unbeatable by the end of the season. Season highlights were the team's championship at the BCS tournament and becoming finalists in the GMAA 7's (losing in the dying seconds of the game), and winning all of the annual matches versus BCS. Twenty-four players, many new to the game, showed a high level of commitment resulting in a tremendous progression over the course of the season in the calibre of rugby. Junior «S» winners included Robert Maybee, Julien Ouimet, Ryan Owen, Jean-Nicolas Verrault, Cameron Bonspiel, David Otero and Yanne Root. Congratulations to all players for their efforts and a fine season!

1997 was the first season that there has ever been a Bantam Boys' rugby side at Stanstead. Originally, the idea was to just have the Bantam Boys to practice with the Junior Boys, learn the game and perhaps gain a little game experience. However, as it turned out, we had 10 very keen participants which allowed us to form a competitive 10's and 7's side.

In all, we played 9 games in the season including a 10's tournament at BCS and the GMAA 7's. The boys managed to win 2 of those nine games; one against BCS and one against Selwyn House, even though we were outmatched physically in all of our games. That goes to show what hard work, competitiveness and courage can do for you.

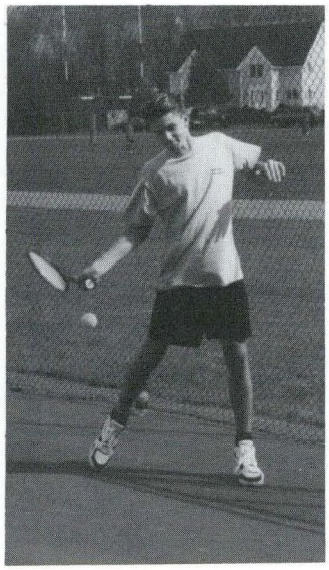

I hope that this year has been a good learning experience for all of the guys and that they will continue to develop and move up the ranks of Stanstead Rugby.

Miss Campbell and Mr. Williams would like to recognize all the tennis players this season for some exceptional tennis and great sportsmanship. Our coed team played in Montreal against Selwyn House School, Ashbury, B.C.S., Centennial and others. We also played tournaments at B.C.S. and Massey Vanier High school. Everywhere we played, our team demonstrated class and etiquette. Our 1997 Tennis Team represented Stanstead College in the best sense of the word and earned the respect that they certainly deserve both for skill and diplomacy. A special congratulations go to Alex Petraki and Deepti Kumar for winning in the Shield matches played at the end of the season.

Miss Campbell would like to award Deepti Kumar and Melisa Jimenez for the Major "S" awards and Mr. Williams would like to commend Peter Atkin, Stefan Chong and Alex Petraki for the Senior "S" as well as a Junior "S" to Simon Petraki.

Banning Gaeckel from my shower, the traditional bed parties now in 211 with Nishant, Tyson, Yagi and some new members like Chris, Jason, Bill. Stealing bred at the cafeteria and then having a toast party. Noodle fest with Fred and Chris, hockey fights with Tyson. Rob's dance (what a spasm), parlez de Peter Stastny à Catherine Aubut, la colonne vertébrale d'Amélie, les éternelles discussions absurdes avec Vince, NHL 97 (Fred et puis sa maudite équipe boostée, NHL 94 c'est ben mieux), raids in grade 10 rooms at midnight, broomball night games, making a 216, parlez à Patricia du mauvais temps en Italie, Pat Huot qui vient user mes CD dans ma chambre, évidemment comme l'année passée, le cours le plus intéressant est sans aucun doute le cours de français avec M. Duncan, Fred et moi formons un bande de touriste endurcis (trois ans qu'on fait le même cours de français). Receiving a boot camp feel from Nathan.
SPECIAL THANKS: I would like to thank my parents who sent me here. I also would like to thank Frank Liu, Vincent Leclerc, and Bill Burgess who have been good roommates in my two years at Stanstead.

MEMORIES: Finally six years have passed, I am out of here! This year the goal I set was to depend only on myself, because once I leave here there will be nobody, but me. But there are things I will always remember. I won't miss all the gossip and the rumours in Webster House, thanks to the TOD. Wake up call from Oliver in the middle of the night, it wasn't a fire alarm prefects. Birthday prsents from Jin & Taka, thanks for your paitients with me. Jackie we spent fun times together over the years, our marathon conversations. Enjoying myself freely at Amber`s house. Fuuko & Pat, and our good times after lights-out. Chinese restaurant Nana. Winson..., six years is enough. Pollo, I will miss your warm hugs. Taking weekends with Melisa, eating real foods & partying. Becoming addicted to the internet with Makoto. Drove Kenji's car at 3 o'clock in the morning. My big bro, Masaki who gave me advice to get through life this year. Philip, your a great friend. Counting the day until I was going to México. Doing my brother's assignments. My little bros Kyohei & Kensuke, enjoy your six years. Our secret place that no one could see, is left for you to come back for me. T.Q.M. Oli... There is something that I always wonder, WHY WAS I HERE?
SPECIAL THANKS: To my parents. I don't quite know how to thank you, but someday I will. Thanks to the rest of my family also. To Mr. Denney, Mrs. Duncan, I appreciated all your support during past six years. Jackie, you are and always will continue to be my best friend. Oliver, you are the only person in my life who taught me things that I could never learn from anyone else.

Guillaume McDowell '93

ALTER EGO: G-money, Gomer, Misnomer, Guimauve, G-Homes.
ACHIEVEMENTS: Not that much, considering I've been here so long.
MEMORIES: Grade 9 in the Bugbee Zoo w/ MC, Vito, Yagi and the gang. Watching Fresh Prince every night. Tenth grade, and moving into Davis Haus. GUMBY! Seeing Tyson's "shoes" for the first time. Rooming with Pekay and Noah in the Dungeon. Gr. 11, Actually getting a room upstairs, and finding all my belongings in a cardboard box one monday morning. Being on the Honours List at the wrong time. The March trip to Italy that changed my life. Amy Road. Grad '96 "Foo-la-la-lah". Never being on the giving end of the New Students' Run. Stopping the spread of Gaeckelism on the world-wide-web.
It just isn't fair to have to sum up four years of my life with but a few words. These have been the hardest, most fun four years of my life to date. I have grown so much here, and it's going to be strange to never again be a part of this routine. Never did I expect to become as attached to this school as I have, and it is with a deep sense of gratitude that I will leave Stanstead College forever, come Baccalaureate.
SPECIAL THANKS: First of all, I would like to thank my parents for caring enough about my future to raise me the best they possibly could. I also wish to thank my Advisor, Miss Wadleigh. You have always kept things in perspective for me, you've helped me stay sane when the pace was grueling. Thank you, all.

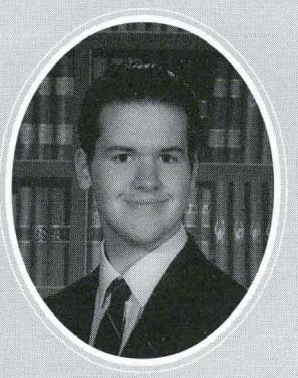

Fred Rancourt '95

ALTER EGO: Fred, Fredo, Freddy, Frederique, Sweetie!!!, Saskatchewan Boy, Freak, Moron.
ACHIEVEMENTS: Major and senior "S" in soccer, President of the chess club, surviving 2 years here, Surviving a year and 7 months with Patricia, being part of the championship impro team (even if we didn't play much), playing on the rugby team (nobody can score on us boys), créateur du gars de GALT, captain of the soccer team, skiing 3 times during the cross coutry skiing season (broomball rules), almost made the b-ball team.
MEMORIES: Every soccer tournament (I'll miss those), the National Rugby Tournament (that's good memories), en impro "hey Vince ta pognes tu la cannisse?", mon année et 7 mois avec Patricia, Spain Tour, The Bahamas, "Go Max Go", "était belle" en mon Pat, hey Max j'ai des photos compromettantes, Varin c'est qui que tu as embrasse dans le bar l'autre soir?, Hey Alex les anglaises c'est toutes des agaces, Hey Alex c'est tu un potin ça la? Parce que si tu continues le gars de Galt va te casser son hockey dans face, Jean-Nick regarde ou tu vas, Sticky Vicky sors moi dont un sapin SVP, Hey Dave qu'est ce qui s'est passé, Killer Isabelle elle a un chum, Johnny Heather est sur le phone suspension.

Nathalie Rheault '93

ALTER EGO: Nath, Rheault (row) reduction, la folle, Pooh Gas, Rheault, Rheault, Rheault your boat...
ACHIEVEMENTS: Rugby captain, prefect, rec-hall committee, impro captain, soccer, hockey (stats), interact, dropping Chem and learning the Chanukah song for Aaron.
MEMORIES: It`s when the little kid in Jerry Maguire said "You said f#@*", you know from my tragic first term and counting from 1 to 5, Coco would still always say Sir, Nathalie has your chalk holder " and above all, Meaghan is still looking for that tube! This may sound a little strange but, while Chris was skating at warp speed, I would find myself sticking aluminum foil on my ceiling instead of studying bio. Well, it was either that or losing control on the ski hill. So, I`m in Halifax for soccer and " Sir, we lost Nath in the shopping mall " but that`s great cause Andrea is singing her Turkey song. When I can pronounce my "tanks" properly and, when Gen always loses her "train of thought", Latta is asking someone to bend over and Goeller`s penguin was kidnapped. So who knows what evil lurks in the hearts of men today? I mean, how can I ignore Nishant and Yagi screaming from their window when I'm having a fit at Tyson during Halloween dance? After all, I had a great time in Thailand, but I forgot to wear my goggles on the squash court and had to report it to Mr. Simard. Tasha, Maxime, John, Mathieu, Bill, Mario (the hockey ref), Martin (sexy), Cameron, Carl, ect... Like a Glove!
SPECIAL THANKS: To my dad for letting me come back, my mom for her support, Mr. Van Dyke for his " count my blessings speech ", Mme Bolduc, Helen, Mr. McNamara, Mr. Telling and mostly to Mr. Denney for all he did for me. Well, this is it, the end of four great years. To everyone: All the best! ADIEU Stanstead. P.S. Ronron says "Hi!".

Robert Routh '96

ACHIEVEMENTS: Finally graduating from here. Becoming a house prefect in my last year. Once again managing the ski team and the usual, Headmaster's etc.
MEMORIES: What can I say. It's been six exciting fun filled and somewhat difficult years, but I survived. It seems weird that it is all coming to an end. It seems just like yesterday that I was in Gr. 7. There have been many things that have happened to me over the past 6 years. The most memerable are the junior camping trips, all the dances, New Kid's Race, meeting Yagi, day student dorm survival etc. Memorable sayings from this year and years past. Where do you go at night? (Gr. 8) Which one of those pointed roof houses is yours? (Gr. 10) Kiko where's our floor? (Gr. 9) Yagi where's Quincy? Amber can I borrow your lab? Abi wake up. Many more that I can't remember or repeat. My many roommates during these fun filled years.
SPECIAL THANKS: To my parents, I couldn't have done it without your support and many sacrifices. To my advisor, Mr. VanDyke, thank you for helping me to see the bright side of things. To all my friends, here and gone, I will never ever forget you guys. To my sister, thanks for... well she knows what I mean. It's been fun.

ALTER EGO: Mr. Computer
ACHIEVEMENTS: Fixing people's computers, Helping Shin finish his food, helping people for math and physics(including lending them my homework), and honor's list
MEMORIES: Once my friend and I cooked in Webster on the weekend. However it was too hot, thus it caused the fire bell rang. Everyone in Webster ran outside. No one knew what was happening until the TOD told us it was from the kitchen.The only exiting thing in this monotonous school life is playing computer games. Thus War Craft II became very important for us. The first time playing War Craft II against Eric was the only one I lost. After that time I learned how to win, then I never lost again. I was doing swimming in the winter season, because I couldn't join the basketball team. For swimming, I just knew how to do the breast stroke. The first time for 50 breast strokes was 53 sec. Then Shin taught me how to do it. I improved 4 sec. immediately, then I improved around 1 sec. in every meet, now I can do 46 sec. However what a pity there are no more meets for me, because I didn't qualify, or after 20 meets, maybe I will be famous, if I keep improving.
SPECIAL THANKS: First of all, I want to thank my parents who sent me here to study, and my sister and my friends who supported me. Second, I want to say "thank you" to my advisor - Miss Campbell. She gave me so much help. Also, thanks to Jeffrey Chi for helping me so much when I just came here. Billy Wu's family,(of course including Judy Wu), they let me stay in their house, and being very nice to me. Thanks a lot! And thanks to Mrs. Duncan for leaving me in grade 10 last year, not ESL. Finally I want to thank everyone who ever helped me.

Alter Ego: Jul's, Coolio, Pollo, Sexy boy, Julius Esparagus, Espantulus.
Achievements: Weight Fitness club, Interact Club, member for the maintenance crew for a while, one week suspension, senior soccer.
Memories: Being a member of the soccer team for three years, being roommate of my best friend. Oliver, those were the best moments of my 3 years at Stanstead, Dom and Jeremy, the adventures in the bathrooms at night. During Exam period, Hakim, my Russian pal, Eduardo, always arguing, Daniela, you changed a lot thanks to Jimmy and Karina, Melissa too small but very nice girl, El Gordo no comments, Juan nice but some annoying, Carlos the funniest but very naco, Alex (La ruca) always well behaved, Marcela always in trouble, Pato a dangerous Bolivian (Cool guy), Kiko my lovely polla, Manabu (bakayarou) and especially Oliver (no words for you pal), just remember room 209 how can we forget it? The grade 10 grad in Eric Shen's room and after that God! I'm going home. that was pretty expensive, finally being part of the maintenance crew with Stan the man, I finally reach my goal, finding myself learning things from other people, maturing, living by myself without mommy and daddy and especially becoming self efficient.
Special Thanks: To myself, to my best friend and especially to my parents who gave me this wonderful opportunity.

Nicholas Wilson '92

I ask myself, how can five years of Stanstead, five of the most confusing, treacherous, memorable and best years of my life possibly be justified, immortalised, in these 500 words. The answer is, they can't. The memories I have all the amazing things I've experienced growing up here (the great, the bad, even the unclassifiable) are too numerous and to internal to be listed here. They are too important to ever fade in memory. What is even more important to me though, are my friends. Someone once said to me of Stanstead, "its not the place, its the friends." She was right. The story of my life here can be seen in my friends. They have been so great and so caring over the years, they made me who I am. I dedicate this write-up to them: Hicks, you guys were the best buddies a guy could ever ask for, there from the start, there until the end. This includes Pete, Al and Brad, who were around before the hicks were even invented, an also Brendan, Tom, Joe, Jason and the rest of the locals. You were always our best roadie, J, cause that's just the kinda guy you are. Pete (Pistol Aktin' Tanaktin' Atkin), you were always my most sensible friend (or close, at least, with the exception of your ski-oholism). Al, the nicest guy on the planet, you taught me how to be a nice guy and still be a stud (or tried, at least). I idolise your shoulders, man. Brad, my Spain buddy, your endless talents still amaze me. I think I Bam-Boomed you more than any other guy on the planet. We've played a lot of music and a lot of pool too. If you ever stopped playing guitar I'd have to Leg-Bunny you. Caitlin, I remember the good things too. You'll always be a special hick to me, even when skies are grey. I'll never forget the memories. Meaghan, you were always a good friend to me. You always put up the best fight of any girl I when I tried to beat on you, and you've got a great perfume selection. Since gr.9, really? I'll miss you, good luck in Ottawa. Nish, "you're the brest, man." We did a lot of amazing stuff together (the sports teams, the pact, the DUO, and all the other ambiguously gay stuff) even when we were B.F.T.W.O.'s. Stay brown, man, it's all good. Wass, thank-you for always being around for me, I can't imagine not being your best bud. Its gotta be the amazing things you say, you make me wish I was brown too. And Amelie, I hope your tumor never comes back, thanks for teaching me how to dance. Don't worry, we'll visit all the time next year. Coke, I'll miss you, you sexy Italian. And Noah, the better half of Noack, it just wasn't the same when you left. I don't even have to tell you 'cause you know you're the best. No matter what (or who) or what band names we'd go through, you were there for me always. Joanna, thanks for being so nice, so caring, and so English, and for making Noah so happy. And finally there's you, baby. Jasmine, what can I say? how about I love you. You're the sweetest, funniest, cutest one I ever knew, you had me ever since the beginning on St.Catherine. There's so much to remember, I hope you wrote about it all. You know I'll miss you, but no matter how far you go you'll never stray far from my heart. I'll always be ready for the crying face. And hey, I wouldn't forget about you're bro, either. Gaecks, C**k's out buddy, keep talkin' cause you're an articulate guy. But watch out where you g at 6:30 in the morning. One last thanks to my parents, whose constant love and understanding really did get me through the hard times, and made the good ones even better. I love you and owe you a big one. Stanstead has taught me many more lessons than I learned in class. I have that which I regret, and that of which I am proud. Thanks to all the teachers that understood me and helped me out, like Mr. Van Dyke (my advisor?), Mr. Telling, Mr. Ashworth and Mr. Marino (after a little while). A big no thanks goes to the few that didn't. I hope that is everything. Leaving is sad, I know.

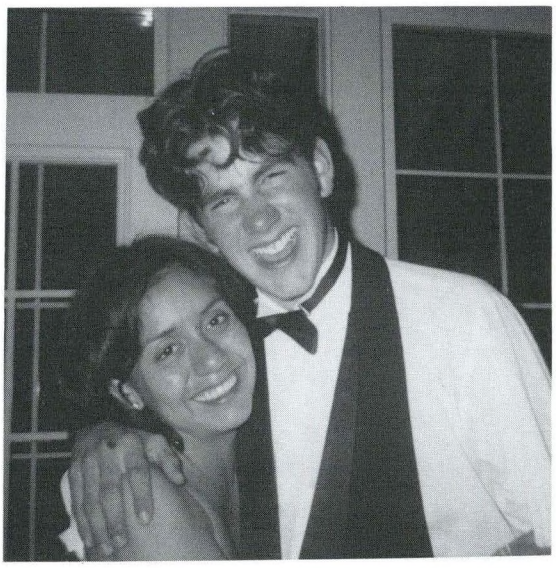

Billy Wu `95

ALTER EGO: Bill Wong, The Wu Man, Elvis, CBC, Quebecois, The cheesy king, Free Billy, mon grand amour (Rebecca only).
ACHIEVEMENTS: Still alive after two year of Stanstead food, tried my best and actually made the Stanstead volley-ball and soft-ball team. Having this really ugly picture taken. Finally, I caught myself a big rabbit (very lucky).
MEMORIES: Well, all good things have an end, right? Wrong! Good things stay in our minds. I sure have lots of memorable moments loaded into my heart, which will stay within me always and forever. I'll never forget the friendships I've made here. To my best friend Greg, you were always there whenever I needed help, thank you. I had a wonderful time in Bugbee, thanks to the Bugbee boys: Crazy Vince, hairy Greg, sexy Carl, YY Chen, Stefy Chong, and super Wasman. Also, to the Mexican girls who cared for me during my sad days. Back to the good old days, Ottawa trip was quite amazing. Drinking party in Davis was unforgettable, too bad we all had a week vacation back home after the visit at B.G's office two days later. Talking club in my room with the boys. Operation swat team with Vincent to the cafeteria after lights out. Noodle party, and ordering Chinese food mostly every Sunday after midnight with the boys. Breaks back in Montreal with my friends, sneaking out the house with my dad's car. Calling a cab from hard rock to club Extreme? My 18th birthday, a very special and unforgettable one, thanks to all my friends, especially Rebecca, I will never forget everything you've done for me. No promises, no words, but endless love, like we both know, time will decide our destiny. I love you.
SPECIAL THANKS: Thanks to all my friends who've been there for me, (you know who you are), special thanks to Andy Chen for all your help and advise. Also to my parents who've made all this possible. Finally, to my cute rabbit, I love you, I love with all my heart. You're the best thing that happened in my life...

Mrs. Ann Kasowski

Mrs. Ann Kasowski, or "Mrs. K" as she is affectionately referred to by many students, began teaching at the College in the Fall of 1987. She brought with her, distinguished qualifications, a lifelong commitment to education and a strong family connection to the school.

In addition to teaching her areas of academic expertise, i.e. Chemistry, Math and Physical Science, she quickly became involved in the sports programme, notably coaching Cross-Country Running and Skiing. After only one year of full-time teaching, she was promoted to Assistant Department Head with special responsibility for Science. This included overseeing the Science Fairs for which she held a passionate enthusiasm. In 1993, on Tony Eveleigh's retirement, she became Head of Math and Science, in which capacity she made every effort to sustain the high standards and principles of her predecessor. She always argued forcibly for the preservation of opportunities for excellence and intellectual challenge. As a Department Head, she demanded rigorous professional standards of herself and others. At the same time, she was always supportive and available to colleagues and students who respected her sincerity, certitude and dependability.

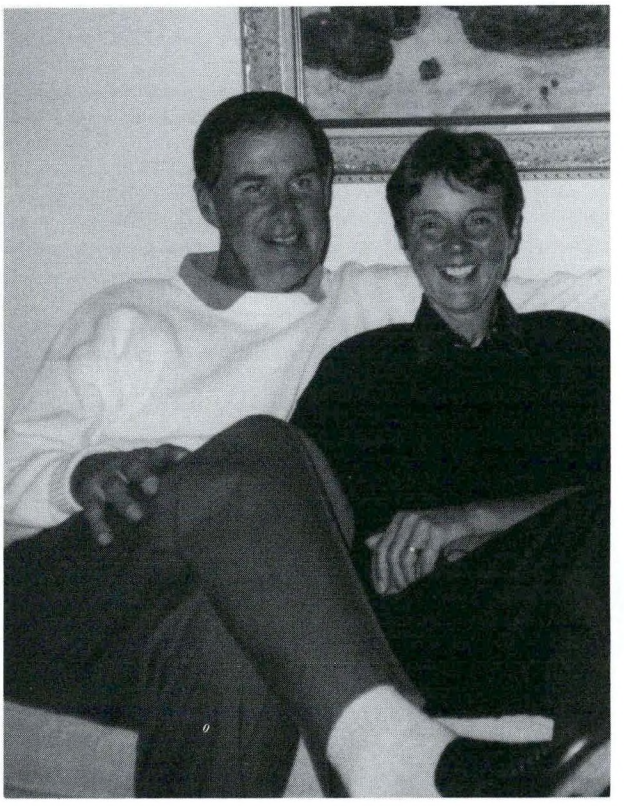

Ann has a strong dedication to the needs of her students and an unselfish and uncompromising determination to do her best in every aspect of her professional life. Many students owe their acceptances at the universities of their choice to the way in which Ann wrote meticulous and comprehensive letters of reference for them. Indeed her own connections with the Ivy League Schools placed her in an excellent position to do this. On another level, Ann was always a conscientious academic advisor who spent hours communicating with her students and often with their parents too.

Ann also made a tremendous contribution to the life of the College when she took responsibility for the Animation and Grad activities. She worked hard to provide a varied and popular Animation programme throughout the year and encouraged the Grad Committee to do an effective job of fund-raising. It was she who initiated the idea of moving the Montreal-based graduation dinner-dance to a safer, more affordable and pleasanter venue at The Hermitage in Magog.

All who worked with Ann during her time at Stanstead, respected her for her personal and professional qualities. It is certain that she will continue to display these strengths in her future career.

ALEX & JUDY PHILIP

The year 1997 will see two major milestones in the history of Stanstead College. On the one hand it represents the 125th anniversary of the founding of the school while, on a more personal level, it also marks the end of a most distinguished career for one of the school's true gentlemen. Following thirty five years of teaching, Alex Philip announced that he would retire in June of this year.

Alex (more affectionately known as the "Boss" by literally thousands of grads and simply as "AJ" by most of the faculty) has had virtually a lifetime connection with Stanstead since he first attended the school as a student in the Fall of 1952. By the time he graduated from Stanstead in 1957, he had clearly demonstrated a prowess in athletics, playing in four major sports and twice receiving the Tommy Johnson Memorial Trophy as the best all-round athlete in the school. Following graduation, AJ attended the University of Dubuque where two very important things happened to him. First he met Judy, his loving wife and loyal supporter for the past thirty nine years, and secondly he earned his B.A. degree including teacher training. After teaching in New Brunswick for a year, Alex was appointed as the Director of Athletics at Stanstead in the Fall of 1962, a position he held for thirty four of the next thirty five years at the school and where he undoubtedly made his mark both as a coach and as an administrator.

As a coach Alex chalked up over 100 victories (including several championships and undefeated seasons) in football, three of his players going on to play professionally. In hockey he is the only senior coach to ever win the Ashbury Cup, a hotly-contested annual tournament featuring Ashbury College, Lower Canada College, Bishop's College School and Stanstead. Alex has also coached shotput and discus for the past thirty five years and was one of the two coaches of the last Stanstead track and field team to win what today would be the overall Eastern Townships Interscholastic Athletic Association track and field championship. Alex, was one of the founders of the ETIAC and served as the Association's president on three separate occasions.

As an administrator, Alex's most important contribution to athletics is the outstanding reputation that Stanstead enjoys today. Under Alex's leadership and guidance the quality of the entire athletic program grew into a first-class operation because he always insisted that the qualities of dedication, hard work and good sportsmanship be first and foremost in the minds of both the players and the coaching staff. As a colleague, administrator, coach or simply the host for visiting teams, Alex Philip always set a first-class example and was a model for others to follow on how to both do the job and to do it with class.

In Alex's own words he said he could not have done it alone, especially not without the faith and support he received from Judy, and it has been a team effort. They lived in Bugbee House (Alex was Housemaster) from 1962-1966 and while Alex was busy at school Judy was more than busy raising a family. In fact Alex was away for four summers as he was completing his M.Sc. degree at the University of Wisconsin. They moved to the duplex "on the corner" (Alex liked to keep his eye on team travel) and resided there from 1967 until the Summer of 1994 when they bought a home on Mountainview to enjoy when they retired. Judy herself has been a very active member in the college community. She has been the school librarian in either a part-time or full-time capacity since 1969 and has been very instrumental in its growth and development. Mrs. Philip will be fondly remembered by countless grads for her willingness to help and for her encouragement. Alex and Judy have three children. Steven and Kevin are graduates of Stanstead while daughter Kim was unable to attend because it was boys only at the time. All three have university degrees in education and are teachers.

It has been a humbling experience for me to try to summarize a combined seventy years of loyal service to Stanstead College into a few brief paragraphs and it would be simply impossible to measure the impact Alex and Judy have had over the years on both students faculty.

Personally I owe them a lot as they were responsible more than anyone else in my coming to teach at Stanstead. I know I speak on behalf of everyone who has ever been associated with Alex and Judy when I extend a truly sincere and heartfelt thanks and wish them all the best in what has to be a very well deserved retirement. Yes, 1997 will certainly be a memorable year in the history of Stanstead College.

By Brian Denney

Mrs. Cathy Lightstone

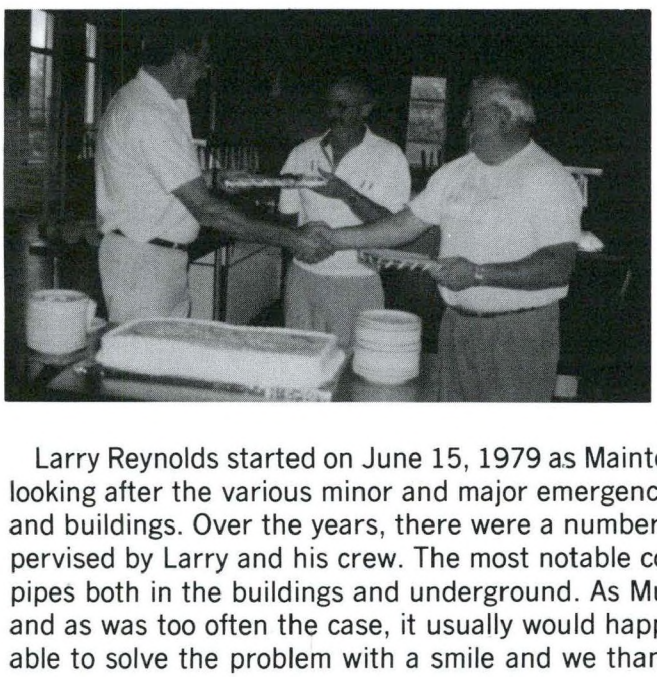

Mrs. Cathy Lightstone began working at the College in 1995 after re-locating with her husband, Steve, and daughter, Mandy, from the Lower North Shore where she had previously been teaching. But Stanstead was by no means new to her as she had spent much of her youth here after her parents, Barbara and Peter Howard, emigrated from England in 1969. Though unable to attend what was at that time an all-boys school, she was very much part of the Stanstead family, particularly while her father was Housemaster of Davis. Taking over as Assistant House Director of Colby and doing house duties was therefore second-nature to Cathy and she spent an enjoyable year with the girls, both prefects and juniors.

At the beginning of this year, Cathy took on extra responsibility for Animation and Grad. Committee as well as teaching Drama to the Grade Sevens. Indeed, theatre and dramatic arts have been her passion since university day at Bishop's. In this capacity, she has been an invaluable part of the Theatre Arts Programme for the last two years Without her creativity, dedication and patience neither *Bone Chiller* nor *The Importance of Being Earnest* woul have been such a great and enjoyable success.

Undoubtably, she will take her many talents, willingness to face new challenges and unfailing good-humour t the new stage of her life and career, with her family in Montreal, next year. We all wish her the very best of good fortune

Henk Stremmelaar joined the College maintenance staff a a full time employee in May 1972 although he worked in th school arena and the kitchen on a part time basis prior t that. Over the years of dedicated service including his year as Assistant Maintenance Superintendent, Henk was alway conscious of the fact that Stanstead College is a non prof organization, making do with whatever materials were at han to cater to the needs of the school. He readily accepted an challenge to produce custom furniture and equipment for th offices, classrooms and laboratories. The annual science fai requests were a constant test of his ingenuity and resourse fulness. The Stanstead Family thanks Henk for his many year of dedication to the school.

Larry Reynolds started on June 15, 1979 as Maintenance Superintendent and was always present on the campu looking after the various minor and major emergencies that occurred as well as the regular upkeep of the campu and buildings. Over the years, there were a number of major renovations and new building projects that were su pervised by Larry and his crew. The most notable constant worry for Larry was the ever present threat of leakin pipes both in the buildings and underground. As Murphy's Law dictates, "whatever can go wrong, will go wrong and as was too often the case, it usually would happen at the most inopportune time. However, Larry was alway able to solve the problem with a smile and we thank him for the many hours of loyal service to the school.
